

***We Act For a Healthier World !***

# Who We Are

## Headquarter

New Taipei City, Taiwan  
60+ Employees, 3 Production Facilities

## Products

Design, Development and Manufacture of  
Instruments and Reagents for Molecular  
Diagnostics and Life Sciences

## Services

Distribution, OEM/ODM

## Global Partners

Distribution in 80+ Countries

## Certification

ISO 13485:2016 & GMP/QMS Certified  
ISO 18385

Founded in 2011; part of the Bio-Check Group.

# Our Vision and Mission

We aim to improve patient management and **secure** people's health

We deliver on this by developing **solutions** for medical diagnostic and research laboratories that provide actionable insights to our customers

We act for a **positive impact** with faster results and preventive healthcare

We act for a healthier world with superior solutions for early disease diagnosis

**We are Zinexts Life Science Corp.**

# Global Presence

## Distributors & OEM

Partners % in Regions

Partners in >40 countries

# Our Numbers

**13+ Years of Experience in IVD Manufacturing**

**12+ Patents**

**2,200+ Instruments Sold Worldwide**

**60,000+ Tests/Day Production Capacity**

# Services

**Molecular Diagnostics  
Custom Commercial Supply**

**Professional & Expertized  
ODM Services**

**Firmware & Software  
Optimization**

**Design & Engineering  
R & D**

# Products

## MagPurix® EVO Extraction Instruments

- Liquid Handling Technology
- Proprietary workflows for highest quality DNA & RNA for any downstream application

## ZiXpress® Extraction Instruments

- Magnetic Pillar Technology
- Fast protocols for fast access to nucleic acids for screening purposes

Forensics

Oncology

STI

Infectious  
Diseases

Microbiome

Respiratory

## Optimized Extraction Kits

- Magnetic Bead based Reagents
- Broad portfolio customized for a wide range of applications in Clinical Diagnostics and Research

# ISO 18385 Certification: the only Provider in APAC!

**Forensic DNA Grade - ISO 18385 certifies production with minimized risk for detectable human DNA contamination.**

## *MagPurix® Forensic DNA Extraction Kit*

- Industry-leading quality control systems with strict manufacturing standards
- Dedicated quality measures for human identification & forensics labs
- Crucial for global market access, where certification is exclusively required
- Highest, rapid and reliable quality & performance for DNA extraction in forensics

FORENSIC  
DNA GRADE  
ISO 18385

# Zinexts Future Outlook

- Providing Solutions along the complete Molecular Diagnostics Workflow

## Today

- Extraction platforms  
MagPurix® / ZiXpress®
- Simple qPCR  
instruments (for low  
complexity assays)

## Just Launched

- MagPurix® 12 N.E.O.
- Smart extraction platform
- Completely barcode-  
controlled
- Bi-directional LIMS  
connectivity

## To come

- Integrated “All-in-One” platform  
(Sample extraction > PCR set-  
up > qPCR)
- Real-Time qPCR instrument(s)  
with 5+ channels (for high  
complexity assays)
- Complete solution including  
complex sample pre-treatment/  
handling (eg. urine, stool,...)
- Complex sample pre-treatment/  
handling platform (eg. urine,  
stool,...) as stand-alone/modular  
option
- De-centralized stand-alone station  
for genomic analysis and data  
reporting\*

\* Collaboration with Cubic Genomics Ltd., Taiwan

# Zinexts NeXgen™ 16HP

- **Fully automated from sample to result**
- Flexible throughput from 1 – 16 samples
- Fast results due to innovative technology
- X-tra large volume handling – up to 30 ml
- Minimal hands-on time
- Intuitive user interface
- Bi-directional LIMS connectivity
- For lyophilized and liquid qPCR assays

reddot award  
design concept  
winner 2024

# Your Partner of Choice – Zinexts!

Extensive global experience

Global standard certified manufacturing sites

High quality & performance in instrumentation & reagents

Wide spectrum of collaborations:  
Distribution, OEM/ODM, Integration, Co-Development

Streamlined and vertically integrated processes

# Zinexts Life Science Corp.
