

MagPurix[®] 12 N.E.O.

YOUR CLINICAL DECISION STARTS HERE

Delivers the consistency your lab depends on.
Focus on results, supporting clinical insights.

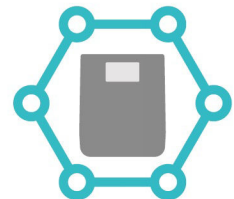

Improve operational efficiency
through LIMS integration

Easy for users, smart for
managers

High-grade NA for confidence in
downstream molecular assays
(qPCR/NGS)

Closed extraction chemistries
ensure robustness, reproducibility,
and regulatory consistency

The MagPurix[®] technology, trusted in clinical
and research laboratories for over a decade

DESIGNED AROUND REAL LAB NEEDS

Clear Workflow Identification

Barcode-based identification for user ID, extraction kit ID and sample/elution ID with worklist cross-check (LIMS/USB)

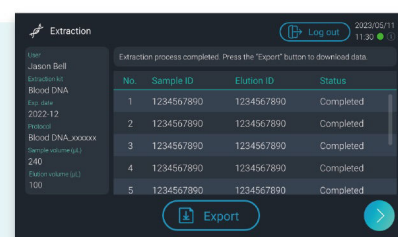

Minimal Training

Asymmetric prefilled consumable racks and LED guidance eliminate placement errors, with a clear visual UI for intuitive setup

Data Traceability

Provides full end-to-end sample traceability with instant run records and complete audit data

No.	Sample ID	Elution ID	Status
1	1234567890	1234567890	Completed
2	1234567890	1234567890	Completed
3	1234567890	1234567890	Completed
4	1234567890	1234567890	Completed
5	1234567890	1234567890	Completed

Smart Data Management

Bi-directional LIMS connectivity: manage, organize, and track samples and associated data

Workflow Monitoring

Built-in camera records the extraction process in real time

MagPurix® 12 N.E.O. is not just an instrument, it is part of your clinical system

- Enhances lab credibility with clinicians, researchers, and partners
- Supports long-term efficiency and sustainable growth
